BIG WEATHER

(AND HOW TO SURVIVE IT)

We've created some conversation starters to help you get your Big Weather Get Together rolling.

They will help get you thinking about how to prepare for, survive and thrive through big weather events.

**START THE
CONVERSATION**

**What was the
most surprising
thing you
learned from
the series?**

**Think about
your family and
community – what
changes could you
make to better
deal with big
weather events?**

**Now that you
have seen the
series, what are
three things you
could do now
to get ready for
big weather?**

**What is one
thing that you
think would
make your
community
more resilient?**

DIVE A LITTLE DEEPER

(INTO EACH EPISODE)

Summer is Coming

EPISODE 1.

Reflecting on the episode, which scene struck you the most?

What big weather risks are you facing in your neighborhood? Do you know how you can find out?

What are the top three things you would grab if you had to evacuate now?

Into the Firestorm

EPISODE 2.

What are three things you could do this weekend to get your property ready for bushfire season?

If there was a bushfire in your area, what would be your trigger to leave? Where would you go? Which route would you take?

Climate change is making big weather events more frequent and less predictable. What are some practical steps you could take at home, work, school or in the community, to help reduce carbon emissions?

Ready Together

EPISODE 3.

Which scene stood out the most to you in episode three?

What are some steps you could take to build connections and resilience in your own community now?

Thinking about your local schools, community groups or workplaces, what are some things you could do to promote preparedness and safety around big weather events?

GET READY
