# Good disaster risk governance: perspectives from business leaders

In recognition of International Day for Disaster Risk Reduction

# Welcome

**Amanda Leck**

Executive Director, AIDR

# Acknowledgement of Country

AIDR and corporate2community acknowledge the Traditional Custodians of the various lands on which you all join us from today and the Aboriginal and Torres Strait Islander people participating in this event.

We pay our respects to Elders past, present and emerging and celebrate the diversity of Aboriginal peoples and their ongoing cultures and connections to the lands and waters across Australia.

# PARTING THOUGHTS

---

If your business is impacted by the natural climate, you need to think about climate change scenarios

Traditional risk management needs to evolve to deal with a range of scenarios – a single likelihood and impact assessment is not enough

Building risk resilience means being able to understand, assess and confidently deal with an uncertain future
